Abu Dhabi T10

Abu Dhabi T10 is a professional ten-over format cricket league launched by T10 Sports Management and licensed by the Emirates Cricket Board and approved by the International Cricket Council (ICC), the governing body of international cricket. It is the first ever internationally approved ten-over format league.

Matches have 10-over-a-side format and duration of 45 minutes a side, totalling 90 minutes of play. The tournament is played over ten days, with a round robin followed by semi-finals and the final. In August 2018, the International Cricket Council (ICC) officially sanctioned the league.

Abu Dhabi Cricket Club is supported by Abu Dhabi Sports Council and operates under the patronage of His Excellency Sheikh Nahyan Bin Mubarak Al Nahyan. The Club is ushering in an exciting new era of cricket in Abu Dhabi with significant investment in facilities and operational upgrades.

Abu Dhabi Cricket Club (ADCC) was founded on 20th November 1996, with the impressive Sheikh Zayed Cricket Stadium, named by global cable and satellite sports television channel ESPN as among the world's best, being completed in 2005.

The Stadium's inaugural international match was staged between India and Pakistan in April 2006 and was attended by 20,000 enthusiastic fans. The Stadium has since seen hundreds of domestic and international matches from the passion of Pakistan vs. India games to the party of the Indian Premier League to the celebrations of Afghanistan's victory in last year's Desert T20 tournament. The Stadium has also been used by several international associations as a winter training ground, most notably by the England Cricket Board.

Recent investments to develop the facility will ensure that the Stadium will be known for more than cricket. Indeed, Abu Dhabi Cricket will become the home for a range of coaching academies, clubs, groups and schools for football, touch rugby, tennis, netball, basketball, squash and much more.
